< AN ALL-INCLUSIVE MAKE-UP LINE

Innovative, high-quality products that are inspired by the latest trends from catwalks around the world, the CATRICE makeup ranges always strive for greater range of applications, richer pigmentation, and extended variety. Their latest range of foundation extensions are available in the following shades: Bronze Beige, Toffee Beige, Chestnut Beige, and decadent Espresso Beige. The foundation feels soft and ultra-light to the skin and creates a perfect complexion that lasts up to 24 hours. In addition to this, CATRICE takes pride in increasing their efforts toward social responsibility and are proud to say that these luxurious, rich foundations are 100% vegan! CATRICE products are available at Dis-Chem, Takealot.com, and Zando.co.za.

A NEW ERA IN EYEWEAR >

Renowned as the lightest eyewear in the world, Silhouette – the popular Austrian brand of sunglasses and eyeglasses – has released a new collection that some are calling a new era in eyewear design. Lightness and character take an innovative new form with the TMA Icon Accent Rings collection, which features delicate SPX rings that adorn the edges of the eyeglasses like rims, adding a touch of finesse for a sophisticated, individual look. What really sets the collection apart is the innovative design: neither a classic rimless style nor conventional full-rim eyewear, the collection is a hybrid of the two that fits perfectly with the times. The eyewear is as individual as its wearer as it offers a choice of six lens shapes, six Accent Ring colours, and six frame colours, resulting in more than 200 possible variations. This highlight collection, that is the talk of the town, also features on-trend pairings like brass and petrol, or rose gold and amethyst. Silhouette eyewear is available at Moscon Optics, and you can contact them on +27 11 483 8001. For more information, visit www.silhouette.com.

< ABOVE ALL ELSE

Since 1887, House of D'Orsay has been crafting award-winning Cognacs of exceptional quality and character for the royal houses of Europe. Now, more than 100 years on, House of D'Orsay has created Honor VS Cognac, a bold new expression of Cognac craftsmanship. It was inspired by the sword of Durendal which, according to folklore, was given to King Charlemagne by the angel of God. The vision of Master Blender Kim Birkedal Hartmann, to produce the finest VS and VSOP in the world, has culminated in Honor VS Cognac, a blend of Grande Champagne, Fin Bois, and Bon Bois eau-de-vie. The distinctive Honor Cognac blend is matured for several years in French Oak casks, resulting in a bold, full-bodied VS blend that has won every competition it has entered – including Best Cognac in the World at the 2018 Cognac Masters in London, and VS Cognac of the Year at the New York International Spirits Competition in 2017 and 2018.
